

WHICH SKI SCHOOL LESSON SHOULD I CHOOSE?

Lesson Packages include: skis, boots and poles or snowboard boots and board, the appropriate lift ticket (Beginners lift for the Never-Ever and Kinder packages and all lifts for the others) and of course the lesson. A helmet can be rented for an additional charge if needed. If you already have your equipment, you will purchase the lesson and lift ticket as opposed to the **Package**.

Children's Lessons- Ski and Snowboard

- a. **Never-Ever Package:** This class is for seven through eleven-year-old children. It includes 4 hours of on the snow training plus time out for rest periods and lunch. As the name implies, if your kids haven't ever tried it or they have had some lessons but have not progressed this is the lesson for them. If it turns out that they are significantly better than the other members of the class, we will move them to a more advanced group.
- b. **Never-Ever:** Same as above but only includes lesson and lift.
- c. **Green Slope Package:** This class is also for seven through eleven-year-old children. It is for children who are riding our beginner chairlift comfortably and skiing or boarding from the top of our beginner hill as well as those skiing the entire mountain. The class is a two-hour lesson that explores the mountain on terrain consistent with the children's ability level. The lesson can be upgraded to a second two hours for an additional charge.
- d. **Green Slope:** Same as above but only includes lesson and lift.

Adult Lessons- Ski and Snowboard

- a. **Never-Ever Packages:** This lesson is for anyone 12 years and older. Like the children's Never-Ever package, it includes 4 hours of on snow training plus time out for rest periods and food. This is the lesson for you if you haven't tried it or you have had some lessons but have not progressed to skiing/boarding from the top of the beginner hill, not comfortable getting off the lift alone or can't stop on your own. This class will be split to accommodate different skill levels if necessary.
- b. **Never-Ever:** Same as above but only includes lesson and lift.
- c. **Green Slope Packages:** A 2-hour lesson, this lesson is for persons 12 years old and older also. If you are comfortable with turning and stopping but have pretty much hung around the beginner area this the lesson for you. We will explore the entire mountain on fairly easy terrain and introduce more advanced strategies for dealing with different conditions. This lesson can be up graded for an additional 2 hours for an additional charge.
- d. **Green Slope:** Same as above but only includes lesson and lift.

Other Lesson types-

- a. **Family Ski and Snowboard Packages:** This is designed for the family that enjoys doing things together. It doesn't matter what mix of skill levels your family might have. Your instructor will build a four-hour lesson designed specifically to satisfy your goals. We will conduct a brief interview as far in advance as possible to make sure that we get the right instructor for your family. We will be looking at ages, skill levels, genders, specific goals and if you have a favorite instructor.
- b. **Kinder Ski Package:** This is a 2-hour lesson for 4-6-year-old skiers. It is generally a beginner type lesson conducted at our Cubby Corner and is thus separated from the general public. Depending on your child's proficiency it may include riding our beginner chair lift and skiing our beginner slope or skiing from the top of the mountain. Once again, if your child isn't worn out in two hours an additional 2 hours may be purchased at an additional charge.
- c. **Blue Slope Lesson:** This is a 2-hour group lesson aimed at the higher-level student. It is conducted on more difficult terrain and fine tunes the student's tactics and techniques for use in a variety of conditions and situations. Lift tickets and rentals are not included in the price of this lesson.
- d. **Private Lesson:** This lesson is sold in 2-hour blocks and is specially crafted to teach you what you want taught. We will interview you in advance to determine what you want to do and to match the proper instructor with you. Your lift ticket is sold separately from the lesson and if you don't have your own equipment that is extra also. You may include other people in your private lesson for an additional charge.
