

The Sandia Peak Aerial Tramway is seeking an experienced Level 2 Aerial Tramway Mechanic to join our maintenance team.

This is a unique opportunity to work on one of the most iconic aerial tramway systems in the United States. The successful candidate will assist with the maintenance, inspection, troubleshooting, and repair of tramway systems while helping ensure the safety and reliability of our operation.

What You'll Do

- Participate in ropeway maintenance activities and other tramway evolutions.
- Follow established safety procedures, including lockout/tag-out, PPE, and fall protection requirements.
- Maintain accurate maintenance and repair records.
- Report safety and maintenance concerns to the Lead Mechanic or Director of Maintenance.
- Work as part of a collaborative and safety-focused maintenance team.

Qualifications

- High school diploma or equivalent.
- Basic understanding of mechanical, electrical, and hydraulic systems.
- Strong communication skills and the ability to work effectively as part of a team.
- Valid driver's license.
- Ability to pass a background check

Pay is \$25-30 per hour D.O.E

A Unique Career Opportunity

This isn't your typical maintenance position. You'll have the opportunity to work on a specialized aerial tramway system in a spectacular mountain environment with the benefits of city lift while continuing to build valuable technical skills in mechanical, electrical, hydraulic, and ropeway maintenance.

If you're ready for a challenging and rewarding hands-on maintenance career, we'd like to hear from you.
